3 [Experiences of using wearable computers for ambient telepresence](#)

Mikael Drugge, Marcus Nilsson, Roland Parviainen, Peter Parnes

 October 2004 [ETP '04: Proceedings of the 2004 ACM SIGMM workshop on E](#)
Publisher: ACMFull text available: [Pdf \(1.11 MB\)](#) Additional Information: [full citation](#), [abstract](#), [bibliography](#)

Bibliometrics: Downloads (6 Weeks): 16, Downloads (12 Months): 72, Citation

We present our experiences of using wearable computers for providing support to members of an e-meeting. Using a continuously running e-meeting system and informal studies and observations, this form of ...

Keywords: ambient telepresence, mobile e-meetings, remote interaction

4 [E-governance in trade facilitation: transparency and ICT as prerequisite](#)

Paul Kimberley

December 2007 ICEGOV '07: Proceedings of the 1st international conference on electronic governance

Publisher: ACM

Full text available:  Pdf (177.89 KB)

Additional Information: [full citation](#), [abstract](#), [bibliometrics](#)

Bibliometrics: Downloads (6 Weeks): 29, Downloads (12 Months): 226, Citation (6 Weeks): 0, Citation (12 Months): 0

Trade facilitation is a generic term applied to the procedures and techniques for integrating domestic trade into global supply chains. While there are other aspects becoming progressively more important. The objective ...

Keywords: customs, data standards, e-governance, interconnection, information supply chain security, technical controls, trade, transparency

[Michael J. Katchabaw](#), [Meeta M. Khurana](#), [James W. Hong](#), [Michael A. Baue](#)
November 1995 CASCON '95: Proceedings of the 1995 conference of the Canadian Collaborative research

Publisher: IBM Press

Full text available:  Pdf (117.52 KB)

Additional Information: [full citation](#), [abstract](#), [bibliometrics](#)

Bibliometrics: Downloads (6 Weeks): 3, Downloads (12 Months): 19, Citation (6 Weeks): 0, Citation (12 Months): 0

Distributed computing systems are composed of various types of services. An efficient distributed computing environment largely depends on the effectiveness of the services. One important aspect of managing services within a distributed ...

7 [Developing adaptive groupware applications using a mobile component-based approach](#)

 [Radu Litia](#), [Atul Parakash](#)

December 2000 CSCW '00: Proceedings of the 2000 ACM conference on Computer supported cooperative work

Publisher: ACM

Full text available:  Pdf (168.38 KB)

Additional Information: [full citation](#), [abstract](#), [bibliometrics](#)

Bibliometrics: Downloads (6 Weeks): 1, Downloads (12 Months): 66, Citation (6 Weeks): 0, Citation (12 Months): 0

A need exists to develop groupware systems that adapt to available resources and user requirements. This paper describes a mobile component-based approach to developing adaptive groupware systems that adapt to available resources and user requirements. The approach is based on the use of mobile components that can be dynamically loaded and unloaded from the system. This allows the system to adapt to changes in available resources and user requirements. The approach is based on the use of mobile components that can be dynamically loaded and unloaded from the system. This allows the system to adapt to changes in available resources and user requirements.

mobility. This paper presents DACIA, a system that provides mechanism applications. Using DACIA, components of a groupware application ...

August 2007 PODC '07: Proceedings of the twenty-sixth annual ACM symposium on distributed computing

Publisher: ACM

Full text available:  [Pdf](#) (359.46 KB) Additional Information: [full citation](#), [abstract](#), [reference](#)

Bibliometrics: Downloads (6 Weeks): 6, Downloads (12 Months): 73, Citation (

When data is stored on a faulty server that is accessed concurrently by present inconsistent data to different clients. For example, the server m of one client, but respond with stale data ...

Keywords: arbitrary failures, fork-consistency, storage emulations

15 [Conditions for access and use of legal document retrieval web service](#)

 [Martine Boonk](#), [Frances Brazier](#), [David de Groot](#), [Maarten van Stekelenburg](#)

June 2007 ICAIL '07: Proceedings of the 11th international conference on legal computing and e-discovery

Publisher: ACM

Full text available:  [Pdf](#) (290.44 KB) Additional Information: [full citation](#), [abstract](#), [reference](#)

Bibliometrics: Downloads (6 Weeks): 8, Downloads (12 Months): 55, Citation (

Documentation is essential to daily legal practice. On-line access is currently imposed by an information service provider with respect to access and to determine the value of such documentation. This paper ...

16 [A distributed data space for music-related information](#)

 [Yves Raimond](#), [Christopher Sutton](#), [Mark Sandler](#)

September 2007 MS '07: Workshop on multimedia information retrieval on semantics

Publisher: ACM

Full text available:  [Pdf](#) (620.90 KB) Additional Information: [full citation](#), [abstract](#), [reference](#)

Bibliometrics: Downloads (6 Weeks): 9, Downloads (12 Months): 106, Citation

In this paper, we describe how some key Semantic Web technologies ca distributed knowledge environment several music-related sources of info to feature extractors or personal music collections. ...

Keywords: MIR, multimedia, music, semantic-web

17 [A Jini-based computing portal system](#)

 [Toyotaro Suzumura, Satoshi Matsuoka, Hidemoto Nakada](#)

November 2001 Supercomputing '01: Proceedings of the 2001 ACM/IEEE (CDROM)

Publisher: ACM

Full text available:  [Pdf](#) (197.53 KB) Additional Information: [full citation](#), [abstract](#), [bibliography](#)

Bibliometrics: Downloads (6 Weeks): 4, Downloads (12 Months): 28, Citation (

JiPANG(A Jini-based Portal Augmenting Grids) is a portal system and a access interface layer to a variety of Grid systems, and is built on top of technology. JiPANG performs uniform higher-level ...

18 [Applying flow-sensitive CQUAL to verify MINIX authorization check p](#)

 [Timothy Fraser, Nick L. Petroni, Jr., William A. Arbaugh](#)

June 2006 PLAS '06: Proceedings of the 2006 workshop on Programming security

Publisher: ACM

Full text available:  [Pdf](#) (69.35 KB) Additional Information: [full citation](#), [abstract](#), [bibliography](#)

Bibliometrics: Downloads (6 Weeks): 5, Downloads (12 Months): 26, Citation (

We present the first use of flow-sensitive CQUAL to verify the placemen authorization checks. Our analysis of MINIX 3 system servers and disco Of-Check/Time-Of-Use bug demonstrate the effectiveness of ...

Keywords: CQUAL, MINIX, static analysis, type qualifiers

19 [Proceedings of the SIGCHI conference on Human factors in computi](#)

 [Mary Beth Rosson, David Gilmore](#)

April 2007 CHI '07: Proceedings of the SIGCHI conference on Human fact

Publisher: ACM

Additional Information: [full citation](#), [abstract](#)

Bibliometrics: Downloads (6 Weeks): n/a, Downloads (12 Months): n/a, Citatio

Welcome to the CHI 2007 proceedings. We believe the technical papers of the best current work in the diverse and dynamic field of human-com the leading HCI conference. Creating the technical ...

20 [The Dublo Architecture Pattern for Smooth Migration of Business Inf Experience Report](#)

[Wilhelm Hasselbring, Ralf Reussner, Holger Jaekel, Jurgen Schlegelmilch, T Krieghoff](#)

May 2004 I CSE '04: Proceedings of the 26th International Conference on
Publisher: IEEE Computer Society

Full text available:  Pdf (125.50 KB) Additional Information: [full citation](#), [abstract](#), [bibliography](#)

Bibliometrics: Downloads (6 Weeks): 12, Downloads (12 Months): 75, Citation

While the importance of multi-tier architectures for enterprise informatio
and their benefits are well published, the systematic migration from mon
multi-tier architectures is known to a much lesser ...

Keywords: Architecture Pattern, Software Architecture, Legacy System
